Survive

I'm a coyote and everyone fears me
I understand why but I'm just trying to survive
If I see a mouse I have to take it down at once
I admit it's an urge I can't help
but try to look at my point of view
In the desert there are animals like me that are seen as mean
The snake, the spider, the centipede

We just try to survive in the vibrant sun

You should try to live in the desert for one day with nothing
You'll be hopeless if you don't do something

I'm a coyote and everyone fears me
I understand why but I'm just trying to survive
